Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Monday 15 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Some coastal fog, then overnight rain. Mostly dry tomorrow.

This Evening and Tonight:
Dry this evening, though coastal fog likely to affect parts of Cornwall and north Devon. Cloudy overnight, with some patchy light rain moving eastwards across the region, with a few heavier showers in eastern areas. Mild, with mostly light winds. Minimum temperature 7 deg C (45 deg F).

Tuesday:
Early morning bright spells followed by building cloud and some patchy rain, particularly in the west. Drying out and brightening up again later to leave a clear night for many. Maximum temperature 16 deg C (61 deg F).

Outlook for Wednesday to Friday:
Dry with sunny spells on Wednesday. Patchy light rain at times on Thursday, with a chance of showers in the east later. Cloudy but mostly dry on Friday. Turning colder.
